DEVELOPMENTS IN CALIFORNIA MYSTERY

Butt of Weapon Used in Killing Los Angeles Man Believed in Hands of Authorities.

Los Angeles, Aug. 12.—A veiled admission she could throw much light on the murder of J. Belton Kennedy, but that she was protecting "someone in whose innocence she believed," was made, today, by Mrs. Madalynne Obenchain in an interview in the county jail. Mrs. Obenchain said that she could make a statement which would result in her release, if it was not for her sense of fairness toward "someone."

When asked if the "someone" was Arthur C. Burch, Mrs. Obenchain said: "I can not tell you."

Search for Gun Barrels.

Los Angeles, Aug. 12.—Search for the barrels of a double-barreled, twelve-gauge shotgun believed to be part of a much-sought weapon with which J. Belton Kennedy, wealthy young broker, was slain a week ago, was the chief activity, today, of all officers working on the mysterious murder case.

With the indictment on first-degree murder charges of Arthur C. Burch and Mrs. Madalynne Obenchain, principals in the sensational case, investigators were endeavoring to forge together the links in the chain of evidence. The missing gunstock is regarded as an important link in the chain.

Mrs. Obenchain and Burch were named in indictments returned during the night, after a grand jury investigation that began early yesterday.

The butt of the shotgun, which officials say they believe is the weapon that sent its charge of death-laden buckshot into the brain of young Kennedy a week ago, was found floating in the surf at Santa Monica, last Saturday, about sixteen hours after the murder had been committed. The butt was taken from the water by William Wylie, a conductor. In a sworn statement made public today, Wylie asserted that the butt was shiny and only slightly rusted when he retrieved it from the ocean.

Wylie was camping at Santa Monica when he found the gun and he attached no significance to his find until he learned that a corps of divers were searching for the murder gun in the ocean near an abandoned pier. He then turned over his important find. He said the spot where he picked up the gun butt was only a few yards from the old pier.

Officials have been searching for the gun with which Kennedy was killed ever since Burch was taken fro an eastbound train at Las Vegas, Nevada, and the alleged murderer located. They announced today they believed they would be able to identify this gun butt as that of the weapon with which Kennedy was killed.

The two defendants, while showing signs of worry, maintained a stoical air of apparent indifference and optimism over their plight, today. Burch, when asked if he had heard that he had been indicted, flicked the ashes from his cigaret and remarked:

"Well, isn't that interesting."

Burch and Mrs. Obenchain were ordered held without bail and Judge Sidney H. Reeves set Monday as the day of their arraignment.

Sends Telegram.

Los Angeles, Cal., Aug. 12.—Mrs. Madalynne C. Obenchain, held as a witness in the Kennedy case yesterday prepared a telegram which she submitted to Deputy Sheriff Biscailluz and asked to have it sent to her husband, Ralph R. Obenchain, which Biscailluz said was sent, was as follows:

"Dear Ralph: Wire me at county jail if you can come at once. Will be indicted in morning. Don't worry. Madalynne."

The witnesses named included Mrs. M. Louise Wilson a manicurist, said to have been a confidante of Mrs. Obenchain.

John D. Kennedy, father of the slain man, who testified at the inquest that Mrs. Obenchain had begged his son to marry her.

T. M. Haley, manager of a downtown hotel, where Burch occupied a room for nearly two weeks prior to the slaying the window of which was nearly opposite that of an office the Kennedys occupied as insurance brokers.

A. B. Niles night clerk at the hotel, who told detectives Burch left the hospital Friday night with a long package under his arm and returned without it.

Richard Parsons proprietor of an automobile rental establishment, from which the District Attorney's office alleges Burch rented a car Friday night.

Lynne Keith, night manager of the Parsons place, from whom the car was rented.

Deputy Sheriff John Cronin, who made the first investigation and questioned Mrs. Obenchain at the scene of the shooting.

Sheriff Deputies Nolan and Bright, who brought Burch from Las Vegas, Nevada, where he had been arrested on a train bound from Los Angeles to Chicago last Saturday.

Otis M. Wiles reporter, who found two empty shotgun shells near the Kennedy cottage.

The mother of the slain man and the mother and a sister of Mrs. Obenchain also were among those named as under subpoena.

EXPRESSION OF AMERICAN VIEW

Found in Notes Sent Powers Invited to Conference.

CUT IN ARMAMENTS WILL REDUCE TAXES

Enormous Outlay for Materials of War Can Be Avoided and Causes of Trouble Removed.

Washington, Aug. 12.—Putting into definite terms its proposal for a disarmament conference, the United States, yesterday, asked the great powers to unite in "a practical effort to remove the causes of misunderstanding" and to facilitate reduction of the world's enormous outlay for the materials of war.

In formal identic notes of invitation forwarded to Great Britain, France, Italy and Japan, the American government pledged its own unstinted cooperation in such an effort and further defined as follows its own conception of the principles involved:

That there can be no hope for peace or stability until the tax burden resulting from heavy armaments has been reduced.

That such a reduction is possible only if troublesome international problems are solved by common consent.

That among these problems the Pacific and Far Eastern questions occupy a "position of unquestioned importance";

That although there is no intention to dictate the scope of the conference the discussions should touch upon matters "which have been of international concern as well as those now admittedly controversial; and

That the question of naval armaments might well be considered first, though there should be no barrier to a full consideration of armaments of every sort.

Coincidentally with the dispatch of the invitations, China was asked to send a delegation to take part in those discussions of the conference which relate to the Pacific and the Far East.

Old Lines Followed.

In every respect the invitations follow the principles previously defined by this government in its informal conversations with the other powers, but particular attention was attracted by the suggestion that a solution of the Far Eastern situation should include "common understandings with respect to matters which have been and are of national concern."

State department officials would not interpret the text of the note, but the general assumption here was that under this definition a way would be found to discuss such questions as Yap and Shantung, which "have been" of international concern, but which Japan is inclined to regard as closed incidents.

From the start the American government has held that such subjects ought not to be excluded from an honest effort to reach an adjustment in the Far East. Japan, on the other hand, carried her insistence to the point of declaring in her acceptance of a place in the conference that she did not expect to discuss subjects or situations which could be regarded as "accomplished facts."

Aside from the hint that naval armaments would logically come first in the consideration of the conference the formal invitation makes only one suggestion as to the subject matter of the disarmament discussions themselves. That relates to "new agencies of warfare," control of which the note holds to be advisable in the interest of humanity. Under this heading it is expected special attention will be given to use of gas, dissemination of disease germs over enemy lines and similar questions.

Why employ a physician who recommends a change—and then takes all you have left?

FEDERATION GETS RECOMMENDATION

Opinion Given Against Incorporation in Ohio.

Columbus, Aug. 12.—Recommendation that the Ohio Farm Bureau federation not incorporate until more satisfactory legislation is enacted, has been made by former State Attorney General H. S. Ballard, Columbus.

Addressing the federation's board of directors in session here, Attorney Ballard declared that "there is not a single satisfactory act on the statute books of Ohio for farmers who wish to sell their products cooperatively.

"A model law for cooperative enterprise of farmers should be drafted and a campaign started for the election of legislators pledged to enact such a measure," said Ballard. "Until this is accomplished, we must make the best of the situation."

The directors decided to instruct presidents of county farm bureaus to cooperate with masters of county Pomona granges in a satisfactory program of road legislation.

Prisoner Confesses at Mansfield and Implicates Others—Long Search Ends.

Celevalnd, Aug. 12.—Secret service agents here, today, revealed a counterfeiting plot formed by prisoners confined in the Ohio reformatory at Mansfield, where prisoners, it is said, for months carried on the work of making and circulating bogus bank notes.

Two prisoners, King Williams, eighteen and John Kmetz, seventeen, who are to be freed by parole soon, will be arrested upon their release and turned over to federal authorities, operatives say.

Williams was sent to the reformatory from Columbus for stealing an automobile, having received an indeterminate sentence in March, 1920. Kmetz is a Cleveland man and was sentenced about the same time when he was convicted of the larceny of $800 in cash and jewelry.

The plot, it is said, was revealed by a trusty in the institution. Robert T. Hines, head of the United States secret service bureau here, assisted by T. C. Jenkins, superintendent of the reformatory, and his assistant, C. W. Rowe, have been at work for months on the case.

A bogus federal reserve note for five dollars returned to the reformatory by a Mansfield bank, is said to have furnished the first definite clew. This note was traced to Williams, who had used it to purchase tobacco, which is not furnished free to the inmates.

Upon being charged with the crime, Williams is said to have confessed. Later revelations are said to have implicated Kmetz and officials believe that others may have had a part in the plot. Warrants charging the two with counterfeiting have been sworn out and forwarded to Mansfield. Hines asserted and would be served as soon as they are released.

Discrepencies Found.

Washington, Aug. 12.—Announcement that "the regular inspection of the books of a subordinate officer" of the American Red Cross "have brought to light certain discrepancies" and that an inquiry now is under way, was made, this afternoon, by Dr. Livingston Farrand, chairman of the central committee of the Red Cross. He further stated that the amount involved would not exceed $11,000 and that it is covered by the bond of a surety company. The officer under investigation has not been placed under arrest and is assisting in the inquiry.

Confess Burglary.

Sandusky, Aug. 12.—Ben Strack, twenty-six, bookbinder, of Chicago, was arrested with Wilfred Boyd, nineteen, cook, Spokane, Washington, last evening, for burglarizing the dwelling of Alex. M. Wagner, banker, earlier in the day. They confessed today. Police say Strack also admitted having spent months in an Illinois reformatory for holding up an express messenger. He also did time in the Chicago house of correction for a box-car burglary, according to police.

Father of Pugilist.

Columbus, Aug. 12.—Death of Alexis C. Jeffries, aged about eighty-three, father of James Jeffries, former world's heavyweight champion, is announced in a message received here by Dr. O. M. Kramer, penitentiary physician, a nephew. Jeffries died at his Los Angeles home, Wednesday night. A sister, Mrs. William K. Thompson, lives near Kirkerville, Licking county.

Body Identified.

Dayton, Aug. 12.—The dead body with legs cut off by a B. & O. train here, yesterday, was identified this morning, by Mrs. Emma Rodway, as her son, Frank, twenty-seven, recently out of the navy.

DEADLOCK OVER UPPER SILESIA

Continued from Page One.

troops if they were found necessary. Baron Hayashi, Japanese delegation on the council, said that Japan favored giving the central part of the Upper-Silesian industrial district to Germany, but was willing to abide by any decision of the league.

George Harvey, America ambassador to England and the representative of the United States on the supreme council, said he could not participate in the decision, as the United States is not a member of the league. Otherwise, the action of the supreme council in referring Upper Silesia to the league was unanimous.

Press Comment.

The comment in the morning papers gave no intimation of the developments that followed. No mention was made of the possibility of the league of nations taking a hand in the Upper-Silesian controversy.

"It appears very doubtful if the two countries can reach an agreement upon Silesia," said the Matin. "If the entente breaks over Silesia we will be obliged to state that Lloyd George always pleaded the cause of Germany."

"We hope that George Harvey, the American delegate, and Premier Bonomi, the Italian delegate, will advise Lloyd George to adopt an attitude of moderation to save the situation," said the Journal.

Other papers insisted that the negotiations had only been interrupted and said there had been no actual break. All the papers, both morning and evening, expressed hope for an ultimate settlement that would be satisfactory in all quarters.

The council voted to ask the allied judges who tried the war criminals in the German supreme court at Leipzig to make a report giving their opinion as to the quality of justice meted in the court.

The supreme council decided to hold a brief session, Saturday morning, to discuss the German customs penalties.

Victory Hailed.

London, Aug. 12.—Premier Lloyd George's successful move to have the Upper-Silesian issue referred to the league of nations, was hailed in official circles, today, as his greatest diplomatic victory. The British premier's move came at a time when it appeared certain that there would be an open rupture between France and England and the supreme council would cease entirely to function.

Foreign office officials said they expected the league of nations to act promptly upon the Upper-Silesian question and render a decision in September.

LETTR FROM SOVIET PRISON

after crossing the Russian border is sketchy, but it is known that he was arrested soon after entering Russia and imprisoned by the soviet authorities.

Gathering Facts.

Dayton, Aug. 12.—Local police are trying to get a line on Gordon Heritage, alias Ralph Thomas, fifty-three, alleged defrauder, through the United States mails, arrested here today. They say he advertised for a grocery manager with $300 to invest, would take the prospect out and show him an empty room, then disappear with the money. More than twenty-five answers to his ad were found in his room here.

PRIEST KILLED BY MINISTER

Church Circles Stirred by Shooting in Birmingham.

SHOOTING FOLLOWS AN ALTERCATION

Priest Performs Service Uniting Daughter of Minister and a Porto Rican Catholic.

Birmingham, Alabama, Aug. 12. —"I am not sorry I killed him. I shot in self-defense. He had struck me twice on the head and knocked me to the floor. If I had not shot I believe he would have killed me."

Those statements were made today to the International News Service, by E. R. Stephenson, Methodist minister, who last night shot and killed the Very Rev. James Coyle, dean of the North Alabama diocese of the Catholic church and pastor of St Paul's church of Birmingham.

Story of Marriage.

Tears dimmed the minister's eyes as he told the story of the marriage of his daughter, Ruth Stephenson, yesterday, to Pedro Gussman, a Porto Rican and a member of the Catholic church.

"Father Coyle was sitting on the front porch of the rectory when I walked up to the building. He asked me to sit down. I started to talk to him about my daughter's marriage and told him I thought he acted the part of a 'dirty dog' in marrying Ruth to a man whom he knew I did not approve of.

"He jumped up and threatened me. I repeated my statement, for I knew he had done wrong. Then he struck men. I fell to the floor and started to get up. He struck me again and reached toward his back pocket. I was dazed, but felt that I was about to be killed. Then I pulled my revolver and shot him."

Stephenson said he had been a minister twelve years, but that he had never held a charge. He was known locally as the "marrying parson." Rev. Dr. Robert Echols, presiding elder of the Birmingham Methodist Episcopal Church South, denied that Stephenson was a regularly-ordained minister.

Bullet Reaches Mark.

Birmingham, Alabama, Aug. 12.—Church circles are stirred here, today, over the killing, last night, of Very Rev. Father James E. Coyle, dean of North Alabama for the Catholic church and pastor of St. Paul's church, by Rev. Edwin R. Stephenson, a Methodist minister, following an altercation said to have been started over the marriage of Stephenson's daughter, to Pedro Gussman, a Porto Rican and member of the Catholic church, by Rev. Mr. Coyle. The shooting took place in the rectory of St. Paul's church. Father Coyle died an hour later at St. Vincent's hospital. Stephenson fired three shots at the priest, but only one found its mark. It lodged in the priest's brain.

Stephenson, immediately after the shooting, walked around the corner to the sheriff's office and surrendered. He was in a highly-nervous state and at first refused to speak of the tragedy.

Later, Stephenson declared he had gone to the rectory to inquire of Father Coyle if it was true that the priest had officiated at the marriage of his daughter to Gussman. The minister declared that Father Coyle admitted performing the ceremony and that an argument followed.

Stephenson said that the priest struck him twice on the head and that he did not fire at Father Coyle until he believed the latter intended to kill him.

Coroner Russom will hold an inquest over the body. Bishop Allen, of Mobile, head of the Catholic diocese in Alabama, is expected here this morning, to arrange for the funeral of Father Coyle. In the meantime, Stephenson is being held in the county jail on a charge of murder.

TO NEGOTIATE PEACE MEASURE

Continued from Page One.

De Valera's note to Lloyd George consists of counter proposals to the British government's offers, according to an unimpeachable Sinn Fein source.

While the informant refused to discuss the contents of the letter, he admitted that it mostly is a continuation of the negotiations, and declared that it is absolutely without significance as an ultimatum or acceptance. "It is simply a note of explanation," he said, "as to how the British proposals were received by the Irish chiefs."

The informant also declared "the Irish cabinet has decided to accept some of the points offered by the premier, and rejected others."

Pressed for details, he said: "Obviously I can not divulge the exact contents, but you can be assured that the note is nothing final. We expect to receive an answer which will be considered by the cabinet before meeting of the Dail Eireann next Tuesday, when a final decision will be made. However, neither side has given up hope and the skies are growing brighter daily."

Mix-Up In Mails.

Dayton, Aug. 12.—A mix-up in the mails brought the warrant issued Thursday in the baseball pool probe of the federal authorities back to Dayton, today. However, it was announced W. J. Mulholland, Cleveland and J. L. McDaniel, Indianapolis, printer, were to voluntarily appear for hearing Monday. The Cleveland man has a reservation at a local hotel.

Message Received.

Uniontown, Alabama, Aug. 12.—"Will be home soon. [Signed] Emmett." This brief message was received early this morning by Mrs. T. P. Yarbrough, lifelong friend of Captain Emmett Kilpatrick, Red Cross worker, who was released by the Russian soviet government early this week. The cablegram was sent from Reval.

A meeting of the Chautauqua board will be held this evening at 7 o'clock at the rooms of the Marion Chamber of Commerce.

ATTORNEY GENERAL TO GET ROAD INFORMATION

Prosecutor Fred W. Warner Despatches Letter to Him.

ACCEPTS INVITATION EXTENDED TO BRAND

Cites Letting of Contract at $6,000 for a Job Worth $300.

Citing an advertisement of a Galion manufacturing company in which the company claims a grading contractor, with one of the firm's machines, made a profit of $5,700 on a $6,000 grading job under the supervision and measurement of a state highway department engineer, Fred W. Warner, Marion county prosecuting attorney today forwarded a letter to Attorney General John G. Price challenging the integrity or intelligence of any engineer who would estimate a job at $6,000 that could be done for $300.

Mr. Warner, in his letter also calls attention to claims by the state highway department that it is back to 1917 prices. The prosecuting attorney declares the facts will not support that statement and charges that the entire reduction in road costs is being squeezed out of the laboring man's wages.

The prosecuting attorney takes up the request for information sent by the attorney general to Senator Charles Brand, of Urbana, upon the demand of the state senator for an investigation of alleged practices of highway material men and contractors.

Notes in Newspaper.

"In today's issue of the Cincinnati Enquirer, I note that you have suggested to Senator Brand, of Urbana, that if any information was furnished with reference to any illegal combinations with reference to the letting of contracts in the state highway department, on the part of the state highway department or on the part of material men or contractors, the necessary proceedings would be immediately instituted to curb the present letting of state highway contracts at exorbitant prices," Mr. Warner's letter states.

"In connection with your communication, I desire to call your attention to some of the things that have happened in the construction of state highway work and information incident thereto. You will find enclosed a pamphlet published by H. S. Atkinson, formerly secretary of the state highway department, and entitled 'Information pamphlet covering contract letting of the state highway department, at Columbus, Ohio,' and on the fourth page of the pamphlet issued for the letting of August 5, 1921, you will find, in part, the following statement.

"'How one contractor made a profit of $5,700 on a $6,000 job.

One of Our Cutsomers.

"'One of our contractor customers told us on July 5 that he had just completed a $6,000 job of grading on state highway work under the supervision and measurement of a state highway engineer, at a total cost to him of $300. He did the work with a Gallon Giant Premier 12 grader and made a clear profit on the grading of $5,700. Name of contracting firm furnished upon request.

"'Another of our contracting customers last year took his road job with an estimate of $1,400 for grading. He sublet this grading work for $900. The subcontractor did the work with a Gallon Giant Premier grader at an actual cost of $300. Tohese are only two of many cases of like nature.'

"Now I challenge the integrity of the intelligence of any engineer who would estimate a grading job at $6,000 that could be done and performed at an expense of $300. Upon the face of this statement there is some serious dereliction in the state highway department, either as to their intention to honestly serve the public or their ability to serve the public.

"Now, this advertisement, if untrue, would subject the advertiser under Section No. 13,913-2 of the general code of Ohio, to criminal prosecution, and if true, it certainly is a displayal of a rotten expenditure of public funds.

There Is Another Thing.

"There is another thing that is being done in all of the state contracts in this section of the country. We have in this state an eight hour law, making it a criminal offense for any man to work on public work more than eight hours in any one day, as provided in Section No. 17-1 of the general code of Ohio. Now I am not opposed to men working ten hours a day if they care to do so, and, under present wages it is practically necessary for a laboring man to work ten hours in order to obtain a livelihood. But the thing that I am complaining about is the fact that all of this work is being estimated on an eight-hour basis and all of these state contractors in this community are working their men ten hours, thereby obtaining advantage, under the estimates, as submitted by the state highway department.

Another Allegation.

"Now as another specific allegation of complaint, I desire to call your attention to the prices that have been and are now being paid for brick for use on the state highways under construction by the state highway department.

"In 1917 brick was being delivered at Delaware for $24.75 a thousand, in 1918 at $28 a thousand, in 1919 at $32 a thousand, in 1920 at $32.50 a thousand and a reputable contractor informs me that he is now paying $43 a thousand for brick for road construction.

"I have noticed several statements wherein the state highway department was claiming that it was back to 1917 prices and I say to you that the facts will not support that statement.

"As a matter of fact, the entire reduction in road costs is being squeezed out of the laboring man's wages and, as I have said before they are making these men buy the product of their own toil at the prices in excess of war prices.

"I am just as anxious and the citizens of this community are just as anxious for good roads as the citizens of any other community of Ohio, but we do feel that we ought at least to get a fair proportion of benefit for the money expended, and I say to you, that if there is any further information that you care to ask about I would be pleased to furnish you all of the specific grievances that the citizens of this community now feel they have toward the letting of state road contracts by the highway department."

SAYS WIFE THREATENS TO KILL HIM, HE SUES

George Miley Also Makes Other Serious Charges.

CLARA PADDOCK SEEKS RITZHAUPT PARTITION

Sets Up One-Third Interest. Administrator Claims Rizor Will Is Last Will.

Charges of gross neglect and extreme cruelty are contained in a suit for divorce filed in the common pleas court this morning by George Miley against Alona Miley. They were married at Marysville, January 28, 1916, and have two children. The petition was filed through Crissinger, Guthery & Strolitz.

The plaintiff states he has possession of the youngest child. He alleges a number of times she threatened to kill him, refused to take care of her duties, told him she had no love for him and told others that the younger child did not belong to the plaintiff, but to another man. He also charges the defendant frequently struck him, deserted him May 11 and is now living with her mother in Union county. He asks for divorce and custody of both children.

Suit in Partition.

Clara Paddock, through Attorneys William P. Moloney and Ernest G. Wideman, this morning in the common pleas court filed a partition suit naming Bertha Irion, Ernest Irion, her husband and others as defendants. As the daughter and one of the devises of the late Minnie Ritzhaupt, she claims an undivided one-third interest in part of Lots No. 186 and 187 in Sloan's first addition to Marion and asks that her interest be set off to her.

Is Last Will, Claim.

Asserting that the paper dated June 2, 1919, and admitted to probate is the last will and testament of the late Elijah M. Rizor, J. W. Campbell, administrator of the estate, today filed in the common pleas court his answer in the suit of Earnest Cooper and Jacob S. Rizor to set aside the will. The answer was filed through Attorney John H. Clark. The answering defendant asks that the court find the paper in question to be the last will of Elijah M. Rizor.

A SLUMP IN TENNIS FOLLOWS BAD WEATHER

No Play in Clark Cup Tourney. Junior Tilt.

Tennis activities in the Clark cup tournament took a slump yesterday due to the inclemency of the weather and no matches were played in either the singles or doubles tournament. The boys, however, managed to get a few matches played off in the junior elimination tilt with the following results:

John Koy defeated Robert Stoltz, 6-0, 6-0; Newton Cunningham defeated Ralph Burke, 6-2, 6-1; Thorley Surgent defeated Myrch Gibson, 5-7, 6-2, 6-2, and Theodore Cunningham, one of the best of the younger players, defeated Dwight Foreman in two love sets, allowing his opponent only six points out of the entire match.

The semi-final brackets are all filled but one in this tournament and the finals will probably be played late tomorrow or Sunday. Those who will compete in the semi-final round are Newton Cunningham, Thorley Surgent and Theodore Cunningham. One more contestant will be eligible for this round after today's matches.

THESE AUGUST DAYS ARE WONDERFUL DAYS

They Add Much to the Joy of Living.

There are days when one is happy, and there are days when one is sad, but these are days—great golden days—when all mundane dwellers in this morning-glory spot of Ohio are glad.

And why not?

Dr. E. H. Raffensperger, Marion county's official weather observer for many years, can not find in a search of his records an August that will hold a candle-stick to the August of 1921.

It's needless for any weather bug to search his weather data, for never has there been anything perhaps in the weather line to compare with the grandest August in all the cycles of time.

PILGRIMS BY HUNDREDS VISIT SHRINE AT CAREY

Annual Pilgrimage Is Begun There Yesterday.

The annual pilgrimage to the Catholic shrine in Our Lady of Consolation at Carey began yesterday. Hundreds of persons from all over the Middle West, many coming from great distances, arrived during the day.

For years the pilgrimage has assumed much of the same importance as that attributed to Lourdes and other world-famous shrines.

The healing powers are credited to a fac-simile of the Luxembourg statue of the holy virgin and her child which is declared to be of divine origin. The Carey statue contains a part of the original, which was obtained by papal decree expressly for the church.

Services are in charge of Rev. Alois Fish, priest of the parish.

SOCIETY

The members of the Five-Hundred club entertained with a picnic Thursday at the home of Mrs. T. E. Reed, of south Prospect street, honoring Mrs. T. C. Lawrence, of Huntsville a former member, and Mrs. Carl Postle, who will soon leave the city to reside in Columbus.

A picnic luncheon was enjoyed at 1 o'clock, after which the afternoon was passed with cards.

Mrs. F. E. Barton, of Chicago avenue was hostess to the members of the Mayflower club at her home Thursday afternoon. Aside from nearly all the club members, the guests were Miss Clara Meiching, of Columbus; Mrs. J. J. Meiching and Mrs. J. C. Wylie.

The club accepted an invitation to meet next Thursday with Mrs. W. E. Denman, of near LaRue, and will motor to the Denman home.

* * *

The husbands of the members of the Amaranthine club entertained at a surprise picnic held at Garfield park last evening. Roasting ears, hot coffee and watermelon were in the menu.

A good attendance enjoyed the novel affair and at the end of the evening a flashlight picture of the crowd was taken. Each member of the club was presented with a sack of potatoes and various other favors by their husbands.

SPRINGFIELD WHITE SOX HERE SUNDAY

Will Play Daily Stars at Lincoln Park.

The Marion Daily Stars will present its strongest line-up, Sunday, against the Springfield White Sox. The Springfield team is coming strong in an effort to win from the locals, and the game promises to be a battle from start to finish. Springfield has defeated some of the best clubs in the southwest part of the state and gained a five to three victory over the Marcos, of Dayton, who are runners up in the colored national league.

The Daily Stars are going in fine form at present and the contest will give the local fans a good idea of the strength of the Marion team. Jackman will probably be selected to do the pitching and the game will be called at 2:30 o'clock, or a few minutes earlier in order to give the visitors a chance to catch an early train for home.

SIDEWALKS OVER CITY ARE NOW BEING RAISED

Work Is Being Done by Public Service Department.

The sidewalks of the city are being put in repair by two men sent out from public service department. The low places in the walks are being leveled with cinders and in places where trees or stones have raised the walks, the edges are being chiseled off.

This not only will improve the appearance of the walks, but will be a boon to pedestrians who have to wade the puddles when it rains. There are many bad places of the kind in the city.

SUIT FOR DISSOLUTION OF JACOBS & WOOLEY

Application Is Made in Probate Court Today.

CLAIMED FRED D. JACOBS BREAKS HIS CONTRACT

Plaintiff Asks for an Injunction. Orville E. Miley Seeks Divorce.

Suit for dissolution of the partnership of the firm of Jacobs & Wooley, architects, an accounting and an injunction restraining Fred D. Jacobs from collecting money due the firm or removing property owned by the firm from its offices, was filed in the common pleas court today by Joseph W. Woolley. In the absence of Judge Grant E. Mouser, a temporary injunction was granted by Probate Judge L. B. McNeal.

Charges that the defendant, Fred D. Jacobs, has broken his contract of partnership by failing to give his time to the business, collecting money due the firm and removing plans belonging to the partnership from the office were made in the petition, filed through Crissinger, Guthery & Strelitz.

The petition states the parties to the suit entered into a verbal contract for the conduct of a partnership in general architecture and engineering business December 13, 1920, and April 23, 1921, they entered into written articles of partnership, whereby it was agreed that each was to receive an equal one-half of all the profits accruing from the business and each was to stand one-half of all losses.

The plaintiff charges that June 1 the defendant broke his contract by failing to devote his time, skill, labor and experience to advancing the business, failed to give any of his time to the business, although he was often requested to by the plaintiff and that he has been carrying on other business for himself, contrary to the contract.

Under the articles of partnership, the petition states, it was agreed that the plaintiff was to collect all money and accounts due the partnership and notwithstanding this agreement the defendant has collected $720 from the board of education, Clinton township, Knox county, and has applied this amount to his own use. Charges that the defendant has removed plans and other articles belonging to the partnership from the office also are made. The plaintiff further states the firm is possessed of certain valuable contracts and accounts due it on finished work and has a large amount of debts. He states the defendant owes him a large amount of money and has refused to give an accounting.

The plaintiff asks for an accounting, dissolution of the partnership, that a receiver be named with power to complete all contracts, the defendant be restrained from collecting money due the firm or removing the firm's property and that after the completion of all contracts an accounting be had.

Orville Miley Sues.

Orville E. Miley today in the common pleas court filed suit for divorce from Evelyn C. Miley, charging immorality and gross neglect. They were married November 2, 1918. The petition was filed through Attorney H. E. Hill. The plaintiff charges that his wife remained away from home one or two nights a week, refused to tell where she was going or where she had been and neglected to care for her home.

SECRETS NO MORE

[Copyright, 1921—Thompson Feature Service.]

Q—How is sunlight photographed when it is shown filtering down through the branches and foliage of trees?

A—Ordinarily it is impossible to photograph sunlight and particularly the beams as they penetrate through trees. However the movie camera man makes this easy by scattering talcum or some white powder in the air and photographing it as the sunbeams hit it. The result on the screen is that we seem to see a perfect picture of the sunlight streaming down.

Q—Where is Violet Mersereau now?

A—Miss Mersereau is now in Europe where she is making feature pictures for Fox.

Q—Is Mabel Julien Scott of Indian descent?

A—Because of the fact that she has played many Indian roles and made her biggest hit as an Indian girl, many fans have gotten the impression that she is part Indian. Miss Scott was born in Minneapolis and educated there at Stanley Girls' college and North Eastern conservatory. In her stage career she played in Kansas City, Indianapolis, Omaha and Detroit. She is five and a half feet tall, weighs 128 pounds, and has dark brown hair and eyes.

Q—Do movie producers ever select players from photographs alone?

A—This very seldom happens, but if you are young and good looking and think you can play an ingenue part in a comedy we can tell you of one firm which may give you a chance. The Hallroom Boys Photoplay corporation, 1600 Broadway, New York City, is looking for an ingenue and is willing to give some one who has never appeared in movies a chance. It requests that you send them an unretouched photograph together with a description of yourself and of any dramatic experience you have.

Q—What was the longest serial picture ever made?

A—"The Mystery of the Clutching Hand" with thirty-six episodes holds the record.

"The Valley of the Giants,"
"The Long Chance," Etc.

He was essentially and completely a man's man, one who had spent his life out of doors and mostly in out of the way places. "Forty years old," soliloquized Webster, "and I haven't spoken to a dozen women that caused me a second thought, or who weren't postmistresses or biscuit shooters! Forty years old and I've never been in love! Spring time down that little path and Indian summer in my old fool heart. Why I ought to be arrested for failure to live!"

Enough to indicate that Webster had come across an experience which opened his eyes to something missed; that his heart was receptive to the grand passion and that he was not entirely hopeless.

In fact, Cupid, after wasting much ammunition, had at last found a dart which penetrated the tough hide of John Stuart Webster. Up to that point there was nothing much worth noting in his career except ing the usual struggles of a man in his environmet and some adventures incident to his profession of mining engineer.

But with the coming of the feminine influence we witness a reaction. The softer and more human side of his nature comes out and we watch the development of an unusual personality—Webster—Man's Man—thus becomes interesting to all men and all women.

The woman who broke Webster's shell was very much worth while. Even had he been a woman hater which he was not—he simply was unacquainted with the sex—he could not long have resisted her.

BLACKMAIL FOUND IN A MURDER CASE

East Liverpool Man Is Being Grilled at Canton.

Canton, Aug. 12—Harry Humes, of East Liverpool, was taken into custody at noon by Sheriff Mike Carbon and is being grilled in an effort to solve the murder mystery of Paul Kitzig, who was found shot to death along a lonely country lane, yesterday morning.

Humes was a roommate of Kitzig. He came here three weeks ago and was introduced to the murdered man by Ben. Rudner, who was recently convicted in the Cleveland federal court on a liquor charge, Kitzig being the chief witness for the government. Humes told the sheriff, today, that he and Kitzig had been working a blackmailing scheme on prominent men who had purchased liquor from Rudner, making them pay small sums for silence when Kitzig was next to appear in federal court in other liquor cases. Humes gave the sheriff the name of one of those alleged blackmail victims, who Kitzig is supposed to have beaten up the morning of the day he was murdered and who, Kitzig told Humes, had threatened to get even with the murdered man.

The sheriff is trying to determine if Humes was with Kitzig at the time he was slain, Humes having declared that Kitzig was to meet a man that night and collect blackmail.

Tagging the Bases.

The Pirates nipped the Cubs in both ends of a double-header and forced another half game ahead of the Giants. Hamilton and Zinn were the winning pitchers.

Babe Ruth hammered out his forty-third home run and helped the Yankees defeat the A's.

The Giants and Dodgers split even. Frisch and Kilduff made home runs in two heavy hitting games.

Christenbury's pinch hit in the tenth drove home the winning run for the Braves in their game against the Phillies.

Bober got four hits out of four, came up and accepted fifteen of sixteen chances in clamore for the Rodents against St Louis. Kiley held the Cardinal's safe.

BASEBALL

Has Two Weeks.

Philadelphia, Aug. 12 — Babe Ruth has two weeks in which to equal or break the 1920 record. With four other home runs to his credit he can go until August 28 before equaling another mighty fly he batted. His forty-fourth home run was made August 28 at New York off Dick Kerr.

In Out of Game.

Chicago, Aug. 12—Charles Carpenter, named by many experts as one of the members of all-American football eleven of 1921, is recovering today from an operation that probably has put an end to his football career. The injured knee, which received a severe lacerated cartilage in the 1921 football season, was operated upon and it was announced that the knee must be kept quiet for a year.
